SUMMARY

I seek challenging opportunities in Software/Backend/Full stack Development where I can fully use my skills for the success of the organisation. Self-motivated fresher seeking for an opportunity to work in a challenging environment to prove my skills and enhance my intelligence in the growth of the organisation.

SKILLS

- ✓ **Programming languages** : C, C++, Java, Java Swing
- ✓ **Web Technologies** : HTML, CSS, Javascript, React Js, Bootstrap, Tailwind, CSS, Express Js
- ✓ **Tools and Technologies** : Node Js, PHP, SQL, Mongo DB, Github, Git, JDBC, Visual studio Code.
- ✓ **General** : Data Structures and Algorithms and Competitive Programming, Object Oriented Programming, Database Management System.
- ✓ **Soft Skills**: Problem-solving, communication skills.

PROFESSIONAL EXPERIENCE

Oasis Infobyte, India

Java Developer | 10 January 2023 - 15 February 2023

- Designed and developed a front and backend for softwares.
- Proficient in software development with a specific focus on designing and developing Online Reservation System, Online examination system, Digital Library Software, ATM software with Database connectivity.

RELEVANT PROJECTS

Chatify

- Design and develop a real time Chat Application that facilitates user to register and chat with other user privately and additional features are also available.
- Develop using React Js, Express js, Node js, Mongo DB with socket.

Sorting Visualiser

- Designed a Online Sorting Visualiser which depicts the several algorithms by a visual illustration.
- In this user can set the array size, types of algorithms, control the speed of visualization.
- Developed using HTML, CSS and JavaScript with DSA concepts.

NotesSpot

- Design a personal notes keeping application that assists users to add notes, delete notes and also make edits.
- Develop using React Js, Mongo DB, Node Js, express js. It is a MERN stack project.

NewsApp

- Design a news application allows users to watch current latest news of different categories including Technology, Sports, Health, Science, Entertainment, Top Headlines etc.
- Develop using React Js with the help of API.

Online Reservation Software

- Design and Develop a front end and backend of Reservation System using Java Swing frameworks.
- Developed by Java programming Language.

EDUCATION

Lakshmi Narain college of technology and science

2020-2024

B.tech computer Science
8.50 CGPA

New Era Public academy

12th - 75%
10th - 87%

2020
2018

ACHIEVEMENTS AND AWARDS

- Certified in Front end Web UI Frameworks and Tools with Bootstrap from Coursera with Honours.
 - 500+ DSA questions solved on Geeksforgeeks and Leetcode.
 - Certified in Web Development from Programming Hero
 - Certified in React js and Redux and SQL from Sololearn.
-
